## Can loans be availed against this policy?

- During financial emergencies, you may require funds to meet some expenses. To fulfill this need, we allow you to avail loan against your Policy. Loan will be available after the Policy acquires surrender value, up to 80% of the surrender value. Any outstanding loan amount and unpaid interest on the loan amount shall be deducted from any amount payable under our Policy. The rate of interest shall be reset on an annual basis at the beginning of every financial year (April) and would be determined based on the average 10-year G-Sec YTM plus 150 bps rounded down to 25 bps. The average of the benchmark would be taken from the previous financial year for the period 1st July to 31st Dec. The source of information for 10 year G-Sec rate would be “CCIL”.

# Surrender

It is advisable to pay premiums for the entire premium payment term to enjoy maximum benefits under the policy. The Policy will acquire Surrender Value on payment of premium for first complete policy year and will become payable after completion of first policy year. Thereafter, if you decide not to pay further Premiums, you would have the option to either surrender the Policy or let the Policy continue with reduced benefits in accordance with the conditions mentioned in the Premium Discontinuance section above. If you choose to discontinue your policy, you will be entitled to receive Surrender Value which will be the higher of Guaranteed Surrender Value (GSV), if applicable or Special Surrender Value (SSV) of the policy. Please refer to our website or policy document for details.

On surrender, Surrender Value equal to higher of Guaranteed Surrender Value (GSV) and Special Surrender Value (SSV) would be paid.
