# Bonuses

- The policyholder would be eligible to participate in the profits (or surplus) arising from the portfolio of such policies. The Company will carry out an annual valuation (as per the current IRDAI regulations) at the end of each financial year and may declare the following bonuses.
  - a) **Compound Reversionary Bonus:** This is a Regular Bonus expressed as a percentage of the total of Sum Assured and the Reversionary Bonus amount already attached to your policy. Any Bonuses declared by the Company during the first three policy years shall vest in the policy only after the policy has been in force for full policy benefits during three policy years. However, this condition will not apply to policies resulting into claims by death during this period.
  - b) **Bonus Income:** This is a Regular Bonus expressed as a percentage of the Sum Assured payable every year. The Bonus declared in any year would depend upon the actual experience with respect to various factors including investment returns. The future Bonuses are, therefore, not guaranteed. This bonus is paid in the form of Annual Income Benefit.
  - c) **Final Bonus:** The Company may pay a Final Bonus as well on the termination of the policy due to death, surrender or maturity
- The Bonuses are dependent upon the performance of the relevant participating fund and are not guaranteed.

Please note that we apply bonus rates to your Sum Assured and Accrued Bonuses, and not to the premium you have paid, as would happen in case of fixed deposits with a bank. So, the direct comparison of rates on these two investments would not be appropriate.

- In situation of an emergency, you may require funds to meet some expenses. To fulfill this need, we allow you to avail a loan against your policy. Loan will be available after the policy acquires Surrender Value, up to 80% of the Surrender Value.
- The outstanding loan amount and unpaid interest on the loan amount shall be deducted from any amount payable under your policy. The rate of interest applicable on the loan will be declared by the Company on an annual basis at the beginning of every financial year. The loan rate of interest is based on yield on 10-years GSEC plus 150 bps rounded down to 25 bps.

# Surrender

- You have an option to surrender your policy after paying premium for two consecutive policy years in full.
- On surrender, Surrender Value equal to higher of the Guaranteed Surrender Value (GSV) and Special Surrender Value (SSV) would be paid. The Guaranteed Surrender Value is X% of the total premium paid LESS any Survival Benefits already paid, where X is as defined below PLUS the Guaranteed Surrender Value of the accrued Reversionary Bonuses

Year in which policy is surrendered	GSV factor (X)
2	30.00%

# What happens if you are unable to pay premium?

## Before first two policy years

- If the policyholder discontinues the premium payment before paying premiums for at least two consecutive years in full, the policy will lapse without any value and no benefits would be payable. Such lapsed policies can be revived within a period of five years from the date of first unpaid premium by paying all due premiums with interest subject to Board Approved underwriting policy.

## After first two policy years

- Provided premium for the first two policy years have been paid in full, if you decide not to pay any further premium after completion of five policy years, your policy will be converted into a Paid-Up policy with reduced benefits. A Paid-Up policy would not be entitled to any future bonuses. However, any bonuses already vested till the date of Paid-Up shall remain vested with the policy and would be payable as a part of the Policy benefits.

- Paid-Up Sum Assured =  $(T/N \text{ multiplied by Sum Assured})$

Where, T = Number of Premiums paid

N = Number of Premium payable

- The Company may grant a Final Paid-Up Bonus to a Paid-Up policy at the time of Paid-Up. Such Final Paid-Up Bonus would be in the nature of an Endowment Benefit payable on death and maturity. Further on revival of a Paid-Up policy, the Final Paid-Up Bonus will be reversed.
